July 12–17, 2009, Yokohama, Japan

The Twenty-Third International Congress of Vexillology, the first Congress in Asia, will take place this July in Yokohama, Japan. The FIAV Board looks forward to seeing many of you there in this exciting new venue. JAVA has been working hard organizing the Congress and has set up a website with details:

www.flags-java.sakura.ne.jp/Welcome.htm

JAVA has also arranged special rates at two hotels near the venue (see the website for details) and is offering the usual early registration discount until March 31, 2009. Each FIAV Member is reminded that it needs to select a delegate to represent it in the General Assembly session.

The Congress flag was designed by Nozomi Kariyasu and the image was made by Eugene Ipavec. The flag was inspired by Yokohama city flag and the JAVA flag.

Subject: application for FIAV membership

Rotterdam, June 25, 2008

The Netherlands Flag Museum Foundation (in Dutch: Stichting Vlaggenmuseum Nederland SVN) hereby applies for the membership of the International Federation of Vexillological Associations (FIAV).

The SVN has been established on November 26, 2007 in Rotterdam as a successor of the Rotterdam Flag Museum Foundation (established June 6, 1997).

The SVN is a non-governmental and non-profit foundation with the goal:

- a. to collect and expose flags, banners, ensigns and pennants in a museum;
- b. to promote periodically the organization of International Congresses of Vexillology and to lend its support to their organizers;
- c. to encourage the creation in all countries of associations and institutions dedicated to vexillology;
- d. to sanction international standards facilitating the development of these activities.

The SVN is constituted in conformity with the laws of the Kingdom of the Netherlands. According to these, the SVN is registered in the Register of Foundations and Associations of the Rotterdam Chamber of Commerce under the number 244186447. Following this the SVN is registered as a business subject in relation to the Added Value Tax Law.

Enclosed you will find a copy of the SVN Articles of Constitution (in Dutch). These define the goals, activities and bodies of the Foundation and its duties and rights.

The highest body of the Foundation is the Board, consisting of the President, the Vide-President, the Treasurer, the Secretary, and three ordinary members plus a representative of the Board of the Netherlands Vexillological Association. (NVvV, member of FIAV).

The SVN maintains a website at www.vlaggenmuseum.nl through which the public, the sponsors and the media are informed on all the news in the field of flags, banners, ensigns and pennants in the Netherlands and abroad, on the news of the Foundation and in comparable associations and institutions in the Netherlands and abroad and on all related issues.

The SVN published 3 times a year a bulletin named "Vlaggenlijn" (Flagline in cooperation with the Rotterdam Flag Parade Foundation. "Flagline" contains articles on various aspects of the vexillological world and on the history of flags and the flags of new countries. This publication will merge in the near future with the Bulletin "Vexilla Nostra" of the (FIAV-member) Nederlandse Vereniging voor Vlaggenkunde (Netherlands Vexillological Association NVvV). The new publication will continue the highly informative and scientific contents of the present "Vexilla Nostra" and will add more (four colour) illustrations on flag news on our country and abroad.

The SVN works in close cooperation with the Rotterdam Flag Parade Foundation (Stichting Vlaggenparade Rotterdam, 1997). This foundation has the goal to collect and expose flags and banners in one or more Flag Parades in the Netherlands and more specifically the management of the existing Rotterdam Flag Parade which consists of 229 flag poles with the illuminated flags of all the nations represented in the Dutch population (as a "Welcome to the Netherlands") plus the flags of our sponsors. This Rotterdam Flag Parade is used as well for special exhibitions. E.g. all 30 Dutch Regional Water Regulation Authorities showed their flags during one month in the Parade. This event has been marked by the publication of a booklet as the first one in a future series of booklets on flags. All 12 Dutch Provinces/Counties will exhibit their flags this autumn. On the Queens birthday 50 Dutch flags are hoisted etc. etc.

The SVN maintains close relations with the members of its Court of Honour, its Advisory Board, the Netherlands Vexillological Association (NVvV), the Netherlands Supreme Council of Nobility, as well as with a number of Dutch Ministries and educational institutions as – as mentioned – with the Rotterdam Flag Parade Foundation. The SVN is in contact with related institutions in the world, through personal contact of the Board Members, exchange of ideas and publications and occasional visits.

Two Board members attended the FIAV International Congress of Vexillology in Berlin in 2007 (President T. Bokhout and Board member Dr. S.G.T. Hulst). Three Board members will attend as authorized representatives the next FIAV-congress and General Assembly in Yokohama in 2009.

Thank you for your consideration of our application. In case you need any further information or have any questions, please don't hesitate to contact us.

Yours sincerely,

/s/ H.H.Horsting

MEMBERS

Please contact the Secretary-General at sec.gen@fiav.org concerning inaccurate, incomplete, or modified information.

A Member's address is generally listed given in the standard format of the addressee's country, except in this list all country names are given in English. Information on standard address formats is available on the Universal Postal Union's web site at www.upu.int.

Each Member's territory is listed to reflect the geographic status under which it was admitted to FIAV. Three FIAV Members were admitted as having a territory containing more than one country: NF, NAVA, and SAVA. FOTW was admitted as a Member with the understanding that its territory would correspond to the country in which its director resides. A Member's territory is relevant for determining the effect of FIAV Constitution article 12(b).

Members are specifically encouraged to obtain an ISSN for all past and present periodical publications (information on obtaining an ISSN is available online from the ISSN International Centre in Paris at www.issn.org).

The distinction between full and associate membership, first introduced in 1989, was abolished in 2001. Unless otherwise noted, all Members admitted between 1989 and 2001 were admitted as Full Members.
